Dear User,

Thank you for choosing [Indian Astro Hub!](#)

We have looked at your birth chart, *navamansha*, *varsha kundali*, *dashas (vimshottari, yogini and gemini)* and the transit of planets through these charts.

Birth Chart

As per your birth chart, you have *kark rashi* and *karka lagna*. Sun and saturn are exalted while Moon, Mercury and Venus are in their own house. All your planets are closer to the center triangle and Jupiter is the lord of your fortune residing in the 5th house, a very good horoscope. It loses some of its power when looking at *navamansha*. Your *dasha* is Venus-Rahu in Mercury. This indicates that you will earn money in a foreign country. Chances of marriage are also high. This *dasha* will go on until July 2012.

Varsh Kundali

You have *kanya lagna* in your *varsha kundali* and your lord for this year is Mars. This means there are very high chances of marriage in this year.
